SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Goal: TBD

REPORT OF SUPERINTENDENT

Berkeley County continues its commitment to high performance and measured improvement. We believe in a strong emphasis on academic instruction for all grades, full day instruction at all levels, and extended learning opportunities for students who need remediation or enrichment.

Cane Bay High School opened in August; renovations to Berkeley Alternative are complete; and renovations and additions continue at Howe Hall Arts Infused Magnet School, Westview Elementary, and Westview Middle. Cane Bay Elementary construction is on schedule for its August 2009 opening.

Our Child Development Education Pilot Program (CDEPP) serves over 700 students in full-day four year old programs. Second through ninth grade reading performance improved in all grades as measured by MAP (Measures of Academic Progress), with greatest growth demonstrated by lowest achieving students. Grades 2-8 scored above the national average in math, also as measured by MAP. High School Assessment Program (HSAP) English/Language Arts performance improved significantly in all six high schools for students scoring proficient and above.

Implementation of the Education and Economic Development Act (EEDA) is being realized through our Making Middle Grades Work and High Schools that Work programs. Last year, all 8th and 9th graders completed eIGPs and received individual counseling. Plans will extend to 10th and 11th graders this year. High schools have increased course offerings through virtual learning, dual credit, career and technical offerings, and advanced placement. Virtual enterprise, pre-engineering, industrial systems technology, and architectural/mechanical drafting and design are a few of the technology based courses offered. Middle and high students have earned state and national honors in Robotics, and Stratford High's Oracle Team placed 2nd among U.S. teams and 11th internationally.

Berkeley County has nearly 1,200 SMART boards and provides training to K-12 teachers in the use of smart lessons. Eight instructional technologists provide staff development and support. All new and renovated schools have Cynergi technology that links safety and communication needs to the learning environment. The district also expanded its technology reach with the implementation of Connect ED. This instant messaging system allows all schools and the district to personally communicate with parents and employees regarding emergency situations, school events, and other important

A record 151 8th graders earned Jr. Scholar status, and 10 seventh graders were named Duke TIP scholars, one qualifying for national recognition. Both groups attended an expanded 2nd Annual Junior Scholar acceleration Institute. The 2008 graduating class earned \$21,770,614 in scholarships, which was another record. Teachers impacted the quest with 33 earning prestigious National Board Certification, bringing the district total to 231.

Comprehensive detail, including definitions of rating, performance criteria, and explanations of status, is available on www.ed.sc.gov and www.eoc.sc.gov as well as school and school district websites.
